MF Fire

EPA 2020 Compliant

# Nova

## Simple, Efficient, Modern

Nova, is the second wood stove developed by the award winning MF Fire design team. Nova is a clean burning, efficient wood stove with a modern look and simplicity demanded by present-day wood stove users.

### Simple and Easy to Use

Nova is designed to take the guess work and tinkering out of wood burning. Perfect for the causal wood burner, there is no longer a need to adjust burn settings. Just light a fire and an efficient, clean burn is delivered every time.

### High Efficiency

More heat; less wood. With a maximum certified efficiency of 79%, Nova gets the most out of your wood. The steady heat output makes any space warm and comfortable.

### Nova is Modern

With simple edges, minimal lines, and an optional all-glass front, Nova provides a modern, unique look among wood stoves. Gone are the days of hiding the beauty of your fire behind a solid door or a small viewing window.

Qualifies for maximum state rebates
Smart Burn package, leg height options available
